The topic of the forum is WEEE and more precisely :

Gerhard Roller and Martin Führ will present results of a research project that has been carried out by three Universities of Applied Sciences (Darmstadt, Pforzheim and Bingen), funded by the German Ministry of Education and Research.

As you already know, the aim of the initiative is to bring together, on a convivial basis and in a seminar-sized group, environmental lawyers living or working in the Brussels area, who are interested in discussing and sharing views on specific topics related to environmental law and policies.

The event takes place, as usual, at the *Facultés universitaires Saint-Louis*, Boulevard du Jardin botanique 43 (Metro Botanique/Rogier), 1000 Brussels, Salle du Conseil, 4th Floor, at the invitation of CEDRE (Environmental Law Study Center).

Please confirm your participation by returning the registration form to CEDRE, Elni-Forum, fax number: 02.211.79.51. or to cedre@fusl.ac.be.
